Letter No.2619/2-24, dated the 29th August,1929. from the Inspector of Schools, Coorg and Bangalore.

(1) The Inspector recommends, under Rule 48(i) of the Grant-in-Aid Code for Indian Schools in the Civil and Military Station of Bangalore, a two-thirds grant of Rs.862 for furniture and Rs.381-8-0 for purchase of maps, charts, etc,, for the Wesleyan Mission Elementary Schools, subject to the condition that the grants will be paid when funds permit.

(2) Before the qustion of accepting his recommendation and promising a grant is considered, it is desirable to ascertain the extent to which grants promised to various educational institutions in the Station remain unpaid.

(4) I quite agree. I have recently had some illuminating talks with Mr. McAlpine. As far as I can gather there has never been any system at all in giving grants. Apparently it has been very much first-come first-served. A great deal of the budget provision

that

that he took over had already been earmarked to meet items sanctioned in previous years. He tells me that he has made a check of these and a chart which shows him more or less where he is, but education, like most other matters here, seems to have been financed on the most happy-go-lucky lines.

(5) I have again discussed the question of promised grants with Mr. McAlpine and the draft below should issue. A copy of this note should be made and a new file opened about this particular question.

(6) 2. I of S and I fully agree that the system of promising grants ahead is radically unsound and we are devising measures to stop it. In the meantime the grants asked for are necessary to enable the School to carry on its ordinary activities and may be sanctioned.

These figubes are interesting. It is natural for the figures for the grants for buildings and ground to show large variations, but in the case of grants for books etc. certain institutions seem to have had very much the lion's share - especially the Sacred Heart Training Shhool and St Joseph's College. This may be due to these schools needing particularly expensive equipment but perhaps I of S would examine the figures and see whether they really mean that some schools have had more than there fair share, or whether there are good reasons for the apparent disparity.

U.O 3658 - 308/1929
3-5-30 (18)
U.O.1528/2.24
22.5.30.

There are many factors which bear on these figures.

(1) As we normally give half grants, it follows that the more affluent schools (i.e., those that have mission funds behind them, and those that cater for the better class of children and who therefore receive higher fees) are more often in a position to pay their part of the cost of equipment and ipso facto, to ask for grants, than the less highly favoured schools.

(2) On the other hand, to very poor schools and orphanages we sometimes give full grants. The Cantonment Orphanage is a case in point.

(3) The Sacred Heart Training School figure is high because here the apparatus is supplied for the use of the student rather than the teacher. Each student must have the sort of books which in other schools are only supplied to the teacher. At the same time, where apparatus is supplied for general rather than individual use, the

small number of students, makes the cost per head, high.

(4) St. Joseph's College was given full grants for equipment under the orders of the Government of India-- please see the Secretary's No. 2551/150A-22, dated 20th March 1926, and the other papers in connection with the payment of building and furniture grants to the College.

(5) Some schools, i.e., secondary schools have a bigger scope and more need for spending on equipment than primary schools.

These facts, I think, help to explain many of the figures. It seems to me that many smaller and poorer schools have received very little from us, and I shall on closer acquaintance with them find out if we can usefully encourage them to ask for more.

The balance of grants due to St;Joseph's College and Sacred Heart European Girls' High School will have been paid before the end of the current year.

The Inspector says that out of the balance of Rs. 12,543/- still to be paid to St.Patrick's School, Rs. 6,000/- will be paid during the current year. This will leave a balance of Rs. 6,543/- which will probably be paid next year.

The grant of Rs. 1,511-8-0 sanctioned to St.Agnes' School has not been paid yet as the school authorities propose to revise the estimate and will probably apply for fresh sanction.

The P.U.C. may be filed.

Major G. Loch,
SECRETARY TO THE RESIDENT IN MYSORE.

To

The Inspector of Schools,

Dated Bangalore, 7th October 1929

~~Subject.~~

Sir,

I am directed to refer to our conversations and to ask for information on two matters concerning education in the Civil and Military Station of Bangalore.

2. It appears that in the past a number of promises of grants have been made to various educational institutions in the Civil and Military Station to be given -- "as and when funds permit", and it is understood that in this way the Administration has been committed to considerable expenditure out of the budget allotments of this year and even of future years.

I am to ask that a statement may be submitted -- showing exactly how matters stand, and that, with reference to our recent conversations, you will kindly explain the steps that you have introduced to prevent a recurrence of this procedure, to which there are clear objections.

3. It also appears that there has been no system to ensure that the funds available for education are distributed in a fair proportion to all institutions under the control of the Inspector of Schools and I am

to

to ask you kindly to submit a statement in the attached form showing the amounts that the various institutions have had in the past ten years. It would be convenient if you would, in making the statement, group the institutions under the various religious denominations to which they belong.

I am also to ask your views as to whether it is possible to adopt any system (even though necessarily elastic) to secure a fair distribution among all the various educational institutions.

I have the honour to be,
Sir,
Your most obedient servant,

Sir,

'Building and Furniture grants - statement showing distribution - 10 years.'

S.No.1
7k:p

With reference to your No.8484/244-09, dated the 7th October, 1929, I have the honour to enclose herewith statements showing the building and furniture grants paid during the ten years beginning from 1919-20 to the schools in the C. & M. Station, Bangalore. Separate statements have been prepared for schools under the different religious denominations, the schools which do not come under any such denominations having been shown in a separate statement.

2. In order to prevent in future an unequal distribution of the budget allotments, I have issued a circular to all the schools that from 1930-31 applications for grants for building and furniture should be sent to this office not later than the 30th April of the year during which a grant is desired. Arrangements will then be made, as soon as the sanctioned budget is received, to apportion out the grants according to the necessity of the institutions.
